The author will share his book with Club members, and have a question & answer period around mental health. Mr. Zimmerman will also have special guests join him to share the importance of literacy, acceptance, self-love and mental health.

It's a scary world out there for little Carter. Scary things are happening every day and he doesn't understand why. Join Carter as his mom helps him understand these scary situations and teaches him how he can make a difference in the world.

*Carter: My Dream, My Reality*, is centered around violence & trauma, childhood PTSD, and mental health, particularly in the Black & African-American community.
